45700	on my own behalf		I am opposed to this proposal. This proposal is not directly related to the COVID-19 pandemic. A decision should be made until after the pandemic-related restrictions are lifted and Ontario Regulation 115/20 expires. All Statements of Environmental Values should be considered.	<a href="https://www.ontario.ca/laws/regulation/r20115">https://www.ontario.ca/laws/regulation/r20115</a> <a href="https://www.ontario.ca/laws/statute/93e28">https://www.ontario.ca/laws/statute/93e28</a> Ontario Regulation 155/20, and the Environmental Bill of Rights, 1993		Yes		##### 45700	comment/45700
