You are hereby notified that I have amended Approval No. 4751-8X6HHZ issued on October 15, 2012 for a 0.79-hectare Waste Disposal Site (Transfer) , as follows:

Notwithstanding the existing Conditions of this Environmental Compliance Approval, the following Conditions are in effect until March 31, 2021, unless an extension has been issued in writing by the Director.

1. The maximum quantity of oily waste stored at the Site, which is stated in Condition 13.2(3) is hereby temporarily increased from 225,000 litres to 305,000 litres.
2. The total amount of waste that may be stored at the Site, which is stated in Condition 13.2 is hereby increased from 566,456 litres to 646,456 litres.
3. The operation of the waste disposal site (transfer) approved above shall be done in accordance with the Application for Pandemic Related Temporary Regulatory Relief (Alternate Arrangement) for Waste Disposal Sites dated August 17, 2020 signed and submitted by Ian Convery, Branch Manager, Safety-Kleen Canada Inc., which includes all supporting information and documentation.
4. For the one (1) 80,000 litre “frac” tank that is to be used for the additional storage of oily waste, the Company shall use an “E-Contain Spillguard” or equivalent for secondary containment for small leaks or spills up to 14,000 litres.
5. The Company shall provide a monthly report to the District Manager detailing the status of the waste

storage inventory and an estimate of the time required to remove and dispose of the waste.

6. Within ten (10) days of these Conditions ceasing to be in effect, the Company shall provide to the Director and District Manager confirmation of the return to normal operating protocols and waste quantities as approved in this Approval.
7. The Company shall keep the following records related to the emergency period including:
 - (1) Volume of oily waste received on a daily basis;
 - (2) Volume and destination of oily waste shipped from the Site on a daily basis;
 - (3) Daily inspections of the temporary frac tank and secondary containment to ensure no leaks or spills have occurred;
 - (4) Waste inspection records; and
 - (5) Any deficiencies and corrective action taken.

The reason for this amendment to the Approval is as follows:

To permit temporary increased storage capacity to the Owner to respond to the Covid-19 pandemic to alleviate impacts and prevent any danger to the health and safety of the public and the environment.

This Notice shall constitute part of the approval issued under Approval No. 4751-8X6HHZ dated October 15, 2012

In accordance with Section 139 of the Environmental Protection Act, you may by written Notice served upon me and the Environmental Review Tribunal within 15 days after receipt of this Notice, require a hearing by the Tribunal. Section 142 of the Environmental Protection Act provides that the Notice requiring the hearing shall state:

- a. The portions of the environmental compliance approval or each term or condition in the environmental compliance approval in respect of which the hearing is required, and;
- b. The grounds on which you intend to rely at the hearing in relation to each portion appealed.

Pursuant to subsection 139(3) of the Environmental Protection Act, a hearing may not be required with respect to any terms and conditions in this environmental compliance approval, if the terms and conditions are substantially the same as those contained in an approval that is amended or revoked by this environmental compliance approval.

The Notice should also include:

1. The name of the appellant;
2. The address of the appellant;
3. The environmental compliance approval number;
4. The date of the environmental compliance approval;
5. The name of the Director, and;
6. The municipality or municipalities within which the project is to be engaged in.

And the Notice should be signed and dated by the appellant.

This Notice must be served upon:
