	yes, does the plan propose to develop lands within the subject lands that contain:						
	Known archaeological resources? Yes No						
	Areas of archaeological potential? Yes No						
	2 If yes, contact the regional Municipal Services Office-MMA staff to discuss whether any reports may be needed.						
10.2	yes, contact the regional Municipal Services Office-MMA staff to discuss whether any reports may be needed.						
	yes, contact the regional Municipal Services Office-MMA staff to discuss whether any reports may be needed. ervicing						
11.	ervicing dicate in a) and b) the proposed type of servicing for the subject land. Select the appropriate type of servicing from Table B.						
11.	ervicing						
11. 11.	ervicing dicate in a) and b) the proposed type of servicing for the subject land. Select the appropriate type of servicing from Table B. 1.1 a) Indicate the proposed type of sewage disposal system - whether sewage disposal will be provided to the subject land by a publicly owned and operated sanitary sewage system, a privately owned and operated individual or communal septic system.						
11.	dicate in a) and b) the proposed type of servicing for the subject land. Select the appropriate type of servicing from Table B. Indicate the proposed type of sewage disposal system - whether sewage disposal will be provided to the subject land by a publicly owned and operated sanitary sewage system, a privately owned and operated individual or communal septic system other means?*						

If development is proposed on privately owned and operated individual or communal septic system, provide confirmation that there is adequate reserve sewage treatment capacity for hauled sewage (septage) resulting from the proposed development. See Table B below. No new lots are being created.

	Type of Servicing	Reports/Information Needed
Sewage Disposal	a) Publicly owned and operated sanitary sewage system	Applicants must provide evidence in their application that there is municipal confirmation of sufficient uncommitted reserve sewage system capacity to service the development at the time of conditional consent.
	b) Public communal septic	Development generating effluent of more than 4,500 litres per day may need a servicing options study and hydrogeological report.
	c) Privately owned and operated individual septic system	If the requested change would permit development on individual or communal septic system and more than 4,500 litres of effluent would be produced per day as a result of the development being completed a servicing options report and a hydrogeological report may be needed.
		If proposal would produce effluent less than 4,500 litres per day, a hydrogeological report may be needed.
	d) Privately owned and operated communal septic system	If the requested change would permit development on individual or communal septic system and more than 4,500 litres of effluent would be produced per day as a result of the development being completed a servicing options report and a hydrogeological report may be needed.
		If proposal would produce effluent less than 4,500 litres per day, a hydrogeological report may be needed.
	e) Privy	Provide details on location and size of out-houses.
	f) Other	Please describe
Hauled Sewage		If development is proposed on privately owned and operated individual or communal septic systems, applicant must provide evidence in the application showing either:
J		 municipal confirmation of sufficient uncommitted reserve sewage system capacity for treatment of septage resulting from the proposed development; OR
		 confirmation (i.e., letter) from a commercial enterprise (private provider) for hauled sewage (septage) indicating that capacity is available to accommodate the specific proposal.
Water Supply	Publicly owned and operated piped water system	Applicants must provide evidence in their application that there is municipal confirmation of sufficient reserve water system capacity to service the development at the time of conditional consent.
	b) Privately owned and operated individual well	Development on communal or individual well system may need a servicing options report and a hydrogeological report.
	c) Privately owned and	Non-residential development on communal well system may need a hydrogeological report. Development on communal or individual well system may need a servicing options report and a
	operated communal well	hydrogeological report. Non-residential development on communal well system may need a hydrogeological report.
	d) Lake	A Permit to Take Water may be required. Contact your regional Municipal Services Office and the Ministry of the Environment and Climate Change office for guidance.
	e) Other water body	Please describe

Notes:

Other means

- 1. To facilitate review of the application, submit a letter from the municipality to show concurrence (or not) with the recommendations in the servicing options report.
- 2. Before undertaking a hydrogeological report, consult MMA for advice given the location of the subject land.

Please describe

- 3. Where communal services are proposed (water and/or sewage), ownership of these services must be assumed by the municipality or a public body through a signed letter of acceptance.
- 4. To facilitate review of the application, submit a letter from the local health unit indicating that the site is developable and could accommodate the proposal.
- 5. A building permit is required for septic systems under Part 8 of the Building Code. See Appendix A.

12.	Access				
2.1	The proposed road ac	cess would be by:			
	Other public road				
	Note: (See Appendix A	A for information on MTO Access Permits)			
	Certain type of develop	ment is not permitted on seasonally maintained roads.			
	Early consultation with y	your regional MSO is recommended.			
12.2	Additional details on "ot	ther public road" and "right-of-way"			
	Would proposed road a	access be by:			
		ocal roads board Private road

	School bussing				
	Other				
13.3	 a) The proposed storms Swales and ditches. 	water drainage would be by:			
	5 wates and ditenes.				

2029E (2017/03) Page 9 of 16

14. Sketch: Use the attached sketch sheet. To help you prepare the sketch, refer to the attached sample sketch.

- 14.1 The application shall be accompanied by a sketch showing, in metric units, the following:
 - The boundaries and dimensions of the subject land, the part that is intended to be severed and the part that is intended to be retained;
 - The location, size and type of all existing and proposed buildings and structures on the subject land, including their setback from the front yard, rear yard, side yard and opposite side yard;
 - The boundaries and dimensions of any land abutting the subject land that is owned by the owner of the subject land;
 - The approximate distance between the subject land and the nearest township lot line or landmark, such as a railway crossing or bridge;
 - The location of all lands previously severed from the parcel originally acquired by the current owner of the subject land;
 - The approximate location of all natural and artificial features on the subject land and adjacent lands that, in the opinion of the
 applicant, may affect the application, such as buildings, railways, roads, watercourses, drainage ditches, river or stream banks,
 wetlands, wooded areas, wells and septic tanks;
 - The current use(s) on land that is adjacent to the subject land;
 - The location, width and name of any roads within or abutting the subject land, indicating whether it is an unopened road allowance, a public travelled road, a private road or a right of way;
 - If access to the subject land is by water only, the location of the parking and boat docking facilities to be used;
 - · The location and nature of any easement affecting the subject land;
 - The severed parcel, the date of transfer, the name of the transferee and the use of the land.

15. Other Information

15.1 Is there any other information that may be useful to the ministry in reviewing this application (e.g., information relating to the requirements and policies in the municipal official plan or efforts made to resolve outstanding objections or concerns by area resident(s), the municipality, other)?

If so, explain below or attach a separate page with this information.

No new lots are being proposed. The 2 lots in question were created by consent in 1994. Easement request only.

- 15.2 The original or certified copy of any other information and materials, as required by the official plan of the municipality/planning board, must be provided with this application.
- 15.3 Where applicable and relevant information is available in a planning report submitted to council, or in a technical study/report(s) prepared for the proposal, please provide the name, section and page number if you have referenced the study/report(s) in any of the questions above.
