

Exploration Permit/Permis d'exploration

Number/Numero:

PR-21-000069

This permit is issued under the authority of section 78.3 of the *Mining Act* and the Exploration Plans and Exploration Permits Regulation (O. Reg. 308/12). It is subject to the provisions of the Act and regulation as well as the terms and conditions included in this permit.

Ce permis est émis conformément aux dispositions de section 78.3 de la *Loi sur les mines* et des règlements et est sujet aux restrictions et dispositions de ce lois et règlements ainsi qu'aux conditions ci-énoncées.

Note: The issuance of this permit does not relieve the applicant from the responsibility of acquiring any other agency, board, government, etc. approval as may be required nor does it relieve the permittee from the requirements of any other legislation or guarantee access to the land.

Remarque : La délivrance de ce permis n'exempte pas le demandeur de l'obligation d'obtenir l'autorisation de tout autre organisme, commission, gouvernement, etc. qui pourrait être exigée, n'exempte pas le titulaire des dispositions de toute autre loi et ne garantit pas l'accès à la terre.

I. Mobilization/Demobilization

Written notice shall be provided to the Ministry of Northern Development and Mines as follows:

- a) not less than two (2) weeks prior to commencing the early exploration activities authorized by this Permit which, for greater certainty, shall include the mobilization of personnel and equipment to the site required for carrying out those activities;

b) after a period of temporary suspension of activities of greater than four (4) weeks, not less than one (1) week prior to recommencing the early exploration activities authorized by this permit;

c) not less than two (2) weeks prior to the anticipated final demobilization of personnel and equipment required for carrying out the early exploration activities authorized by this Permit; and

d) delivered by email to
MNDM.PlansAndPermits@ontario.ca

Collection of personal information, if any, on this form is authorized by sections 7, 78.2, 78.3, and subsection 178.2(1) of the *Mining Act* for the purpose of creating a public record as described in section 37 of the *Freedom of Information and Protection of Privacy Act*. This information may also be posted in a modified form on the Ministry of Northern Development and Mines website and on the Environmental Registry for public comment. Questions about this collection should be directed to the Mineral Exploration and Development Section, Ministry of Northern Development and Mines, 933 Ramsey Lake Road, Sudbury ON P3E 685. Telephone 705-670-5815.

Fields marked with an asterisk(*) are mandatory.

1. Project Details

Project Name * Golden Break Project

Name of Early Exploration Proponent * Doug Parker

Is the proposed early exploration area within the project area for an existing filed closure plan? *

Yes No

Are there any mine hazards identified in the [Abandoned Mines Information System \(AMIS sites\)](#) in your project area? *

Yes No

Enter the Universal Transverse Mercator Coordinates (UTM) in North American Datum 83 (NAD 83) Grid for the centre of your project area

Zone(N) * 15 Easting (m) * 710000 Northing (m) * 5390000

2. Exploration Logistics and Detailed Information

Will explosives be used for any activity/activities? If yes describe in detail which activities require the explosives, where they will be stored, and any other relevant information.

No

What commodity or commodities are being sought in the work program?

All economic commodities.

How will you be transporting personnel to the exploration site for all activities? Describe in detail.

Hwy 11 and 17 provide access to the site. We will not be making access roads. We have no planned trails but will use existing secondary roads and forest access trails as much as possible.

How will you be mobilizing/demobilizing equipment to and from the exploration site for all activities? Describe in detail.

As above.

What type of equipment will you be using for all of the early exploration activities?

Dozer, excavator, diamond drill, ATV, snowmachine, hand and power tools, pumps and trucks.

What type of drilling will take place? (e.g. core drilling, reverse circulation)

core drilling

Do you anticipate the removal of the drill casing?

Yes No Immediately unless hole is to be re-entered.

If yes, when will you be removing it?

Immediately 3 to 6 months 6 to 12 months 1 to 2 years

For the exploration activities you have selected in your early exploration submission please fill in the associated details (required for all activities proposed). *

Geophysical surveys requiring a generator	Type of Survey	IP, Downhole EM
Line cutting	Estimated total line length	100,000 metres
Mechanized Stripping	Planned Number of stripped locations	25
	Estimated total area of stripping	9000 square metres
Pitting and Trenching of Bedrock	Planned Number of Pits/Trenches	
Mechanized Drilling	Planned drill hole diameter	15 centimetres
	1 - 5 pads	
	6- 10 pads	
	11 - 15 pads	
	16-20 pads	
	> 20 pads	

Please identify any non-prescribed activity/activities you will be undertaking to support the prescribed early exploration activity/activities **Prospecting, geological, geochemical and geophysical surveys.**

Creating trails for the purposes of early exploration **yes**

Creating roads for the purposes of early exploration

Creating/setting up camp(s) to house personnel to perform your prescribed early exploration activities

Number of people in camp _____ Number of camps _____

Ground geophysical surveys without a generator **yes**

Airborne geophysical surveys **yes**

Are you planning to store fuel or other hazardous materials on the property? *

Yes No

Please provide any other information relevant to this project.

Following the surveys, overburden stripping and drilling will be planned and located based on the results of the survey. We hope to conclude the surveys early in the first year with drilling to follow. Much of these areas have been cutover in the past and we will take precautions to safeguard all bodies of water and water courses and areas of wildlife habitat. If requested, we will have follow-up meetings before any overburden stripping or drilling is undertaken.
