ENVIRONMENTAL COMPLIANCE APPROVAL

NUMBER 1536-C6ULMF Issue Date: December 19, 2021

2527701 Ontario Ltd. 74 Elgin St N Cambridge, Ontario N1R 5H3

Site Location: Mobile Facility

# You have applied under section 20.2 of Part II.1 of the <u>Environmental Protection Act</u>, R.S.O. 1990, c. E. 19 (Environmental Protection Act) for approval of:

• one (1) mobile touch-up paint spray unit, for the application of solvent based coatings on automobiles for minor repairs, equipped with two (2) paint spray guns, one (1) gasoline-fired power generator rated at 8.2 kilowatts and one (1) 2-horsepower air compressor, discharging to the air;

all in accordance with the Environmental Compliance Approval Application dated December 3, 2020 and signed by Matthew Ferreira, (President), and all supporting information associated with the application including Emission Summary and Dispersion Modelling Report provided by Airzone One Ltd., dated December 2, 2020, email dated December 13, 2021, signed by Jessica Knox; the Secondary Noise Screening Method provided by Airzone One Ltd., dated November 24, 2021 and signed by Jessica Knox; and email updates provided by Jessica Knox on November 26, 2021.

For the purpose of this environmental compliance approval, the following definitions apply:

- 1. "Approval" means this Environmental Compliance Approval, including the application and all supporting information associated with it;
- "Approved Automotive Refinish Coatings" means automotive refinish coatings that comply with the VOC content limits indicated in Section 3.2.1 VOC Content Limits of the "National Standards for the Volatile Organic Compound Content of Canadian Commercial/Industrial Surface Coating Products -Automotive Refinishing, October 1998, PN 1288" and published by the Canadian Council of Ministers of the Environment;

- 3. "Class 1 Area" means an area with an acoustical environment typical of a major population centre, where the background sound level is dominated by the activities of people, usually road traffic, often referred to as "urban hum";
- 4. "Class 2 Area" means an area with an acoustical environment that has qualities representative of both Class 1 and Class 3 areas:
  - a. sound levels characteristic of Class 1 during daytime (07:00 to 19:00 or to 23:00 hours); and
  - b. low evening and night background sound level defined by natural environment and infrequent human activity starting as early as 19:00 hours (19:00 or 23:00 to 07:00 hours);
- 5. "Class 3 Area" means a rural area with an acoustical environment that is dominated by natural sounds having little or no road traffic, such as:
  - a. a small community;
  - b. agricultural area;
  - c. a rural recreational area such as a cottage or a resort area; or
  - d. a wilderness area;
- 6. "Company" means 2527701 Ontario Ltd. that is responsible for the construction or operation of the Facility and includes any successors and assigns;
- 7. "EPA" means the Environmental Protection Act, R.S.O. 1990, c.E.19, as amended;
- 8. "Equipment" means the mobile touch-up paint spray unit described in the Company's application, this Approval and in the supporting documentation referred to herein, to the extent approved by this Approval;
- 9. "Facility" means the entire operation located on the property where the Equipment is located;
- 10. "High Efficiency-Type Paint Spray System" means equipment used for the application of automotive refinish coatings conforming to Section 3.4 Application Equipment of the "National Standards and Guidelines for the Reduction of Volatile Organic Compounds from Canadian Commercial/Industrial Surface Coating Operations-Automotive Refinishing, October 1998, PN 1278", as amended, and published by the Canadian Council of Ministers of the Environment;
- 11. "Ministry" means ministry of the government of Ontario responsible for the EPA and includes all officials, employees or other persons acting on its behalf;
- 12. "Point of Reception" means a Point of Reception as defined in Publication NPC-300, and is subject to the same qualifications described in this document;

- "Publication NPC-300" means the Ministry Publication NPC-300, "Environmental Noise Guideline, Stationary and Transportation Sources - Approval and Planning, Publication NPC-300", August 2013 as amended; and
- 14. "Sensitive Receptor" means any location where routine or normal activities occurring at reasonably expected times would experience adverse effect(s) from discharges from the Facility, including one or a combination of:
  - a. private residences or public facilities where people sleep (eg: single and multi-unit dwellings, nursing homes, hospitals, trailer parks, camping grounds, etc.);
  - b. institutional facilities (eg: schools, churches, community centres, day care centres, recreational centres, etc.);
  - c. outdoor public recreational areas (eg: trailer parks, play grounds, picnic areas, etc.); and
  - d. other outdoor public areas where there are continuous human activities (eg: commercial plazas and office buildings).

You are hereby notified that this environmental compliance approval is issued to you subject to the terms and conditions outlined below:

# **TERMS AND CONDITIONS**

### 1. AIR

- 1. The Company shall ensure that the Equipment is properly operated and maintained in accordance with the manufacturer's specifications and paint manufacturers' specifications.
- 2. The Company shall maintain invoices relating to the Equipment setting out the number and type of jobs completed and shall retain these invoices for a minimum of two (2) years from the date of their creation.
- 3. The Company shall record, in a log book, as a minimum, the date, time of commencement and completion of the paint spray operation, job location, number of vehicles refinished and amount of coatings used; and shall retain these records for a minimum of two (2) years from the date of their creation.
- 4. The Company shall ensure that with respect to the Equipment:
  - a. all surface coating operations are performed using a High Efficiency-Type Paint Spray System;
  - b. all surface coating operations are performed using Approved Automotive Refinish Coatings; and

- c. all operators involved in the application of Approved Automotive Refinish Coatings receive training, and records be kept of those trained, in the proper use of High Efficiency-Type Paint Spray System.
- 5. The Company shall ensure a minimum separation distance of 17 metres between the point of discharge from any spray gun being operated and the nearest Sensitive Receptor.
- 6. The Company shall ensure that the application of Approved Automotive Refinish Coatings by means of the Equipment at each location does not exceed 3.5 millilitres per hour of primer, 11 millilitres per hour of each base coat and clear coat, and 62.5 millilitres per hour of gun wash.
- 7. The Company shall ensure that all vehicles carrying Equipment operating under this Approval shall, at all times, carry a copy of the Approval in the vehicle.
- 8. The Company shall restrict the operation of the Equipment at any site to a maximum of 2.0 hours per day.

## 2. NOISE

- 1. The Company shall:
  - a. ensure, at all times, that the noise emissions from the Facility comply with the limits set in Ministry Publication NPC-300;
  - b. ensure all doors of the vehicle housing the Equipment remain closed during use of the Equipment; and
  - c. ensure a minimum separation distance of 17 metres between the Equipment being operated and the nearest Point of Reception.
- 2. The Company shall restrict the operation of the Equipment to the daytime hours from 7 a.m. to 7 p.m.

The reasons for the imposition of these terms and conditions are as follows:

- 1. Condition Nos. 1.1 to 1.8 are included to emphasize that the Equipment must be maintained and operated according to a procedure that will result in compliance with the EPA, the regulations and this Approval.
- 2. Condition No. 2.1 is included to provide the minimum performance requirement considered necessary to prevent an adverse effect resulting from the operation of the Equipment.
- 3. Condition No. 2.2 is included to ensure that operation of the Equipment is not extended beyond the stated hours to prevent an adverse effect resulting from the operation of the Equipment.

In accordance with Section 139 of the Environmental Protection Act, you may by written Notice served upon

me, the Environmental Review Tribunal and in accordance with Section 47 of the <u>Environmental Bill of</u> <u>Rights, 1993</u>, the Minister of the Environment, Conservation and Parks, within 15 days after receipt of this Notice, require a hearing by the Tribunal. The Minister of the Environment, Conservation and Parks will place notice of your appeal on the Environmental Registry. Section 142 of the Environmental Protection Act provides that the Notice requiring the hearing shall state:

- a. The portions of the environmental compliance approval or each term or condition in the environmental compliance approval in respect of which the hearing is required, and;
- b. The grounds on which you intend to rely at the hearing in relation to each portion appealed.

#### The Notice should also include:

- 1. The name of the appellant;
- 2. The address of the appellant;
- 3. The environmental compliance approval number;
- 4. The date of the environmental compliance approval;
- 5. The name of the Director, and;
- 6. The municipality or municipalities within which the project is to be engaged in.

#### And the Notice should be signed and dated by the appellant.

#### *This Notice must be served upon:*

The Secretary* Environmental Review Tribunal 655 Bay Street, Suite 1500 Toronto, Ontario M5G 1E5	AND	The Minister of the Environment, Conservation and Parks 777 Bay Street, 5th Floor Toronto, Ontario M7A 2J3	AND	The Director appointed for the purposes of Part II.1 of the Environmental Protection Act Ministry of the Environment, Conservation and Parks 135 St. Clair Avenue West, 1st Floor Toronto, Ontario
M5G 1E5		M7A 2J3		Toronto, Ontario M4V 1P5

# \* Further information on the Environmental Review Tribunal's requirements for an appeal can be obtained directly from the Tribunal at: Tel: (416) 212-6349, Fax: (416) 326-5370 or www.ert.gov.on.ca

This instrument is subject to Section 38 of the Environmental Bill of Rights, 1993, that allows residents of Ontario to seek leave to appeal the decision on this instrument. Residents of Ontario may seek leave to appeal within 15 days from the date this decision is placed on the Environmental Registry. By accessing the Environmental Registry at https://ero.ontario.ca/, you can determine when the leave to appeal period ends.

The above noted activity is approved under s.20.3 of Part II.1 of the Environmental Protection Act.

DATED AT TORONTO this 19th day of December, 2021
