

This permit is issued under the authority of section 78.3 of the *Mining Act* and the Exploration Plans and Exploration Permits Regulation (O. Reg. 308/12). It is subject to the provisions of the Act and regulation as well as the terms and conditions included in this permit.

Ce permis est émis conformément aux dispositions de section 78.3 de la *Loi sur les mines* et des règlements et est sujet aux restrictions et dispositions de ce lois et règlements ainsi qu'aux conditions ci-énoncées.

Note: The issuance of this permit does not relieve the applicant from the responsibility of acquiring any other agency, board, government, etc. approval as may be required nor does it relieve the permittee from the requirements of any other legislation or guarantee access to the land.

Remarque : La délivrance de ce permis n'exempte pas le demandeur de l'obligation d'obtenir l'autorisation de tout autre organisme, commission, gouvernement, etc. qui pourrait être exigée, n'exempte pas le titulaire des dispositions de toute autre loi et ne garantit pas l'accès à la terre.

2. Exploration Logistics and Detailed Information

Will explosives be used for any activity/activities? If yes describe in detail which activities require the explosives, where they will be stored, and any other relevant information.

No

What commodity or commodities are being sought in the work program?

Gold (Au), Silver (Ag), Copper (Cu), Zinc (Zn), Lead (Pb)

How will you be transporting personnel to the exploration site for all activities? Describe in detail.

The property is easily accessible via provincial highway 11 to the town of Beardmore, then secondary roads. One of these secondary roads (highway 580) leads directly to the property so a short drive from Beardmore to access all work sites with exploration activities.

How will you be mobilizing/demobilizing equipment to and from the exploration site for all activities? Describe in detail.

This should be easy to get all heavy equipment such as dozer, skidder and excavator to the property with a flat bed truck, the same with a drill rig operator with all drilling equipment. Pick-up trucks and trailers would be used for all other equipment needed for the exploration program, including 4 wheeler ATV's and snowmachines depending the season.

What type of equipment will you be using for all of the early exploration activities?

Diamond drill equipment such as the rig itself, pump shack, rods sloop and other materials needed assisted with Nodwell, skidder, dozer and ATV's or snowmachines depending the season. Also, an excavator (backhoe) would be necessary to stripping work on targetted areas assisted by wajax pump and diamond saw for channel sampling.

What type of drilling will take place? (e.g. core drilling, reverse circulation)
Core drilling with NQ size diameter.

Do you anticipate the removal of the drill casing?

Yes No

If yes, when will you be removing it?

Immediately 3 to 6 months 6 to 12 months 1 to 2 years

For the exploration activities you have selected in your early exploration submission please fill in the associated details (required for all activities proposed). *

Geophysical surveys requiring a generator	▶ Type of Survey	_____
Line cutting	▶ Estimated total line length	_____ metres
Mechanized Stripping	▶ Planned Number of stripped locations	<u>4</u>
	Estimated total area of stripping	<u>650</u> square metres
Pitting and Trenching of Bedrock	▶ Planned Number of Pits/Trenches	_____
Mechanized Drilling	▶ Planned drill hole diameter	<u>4.76</u> centimetres
	<input type="checkbox"/> 1 - 5 pads	
	<input checked="" type="checkbox"/> 6 - 10 pads	
	<input type="checkbox"/> 11 - 15 pads	
	<input type="checkbox"/> 16 - 20 pads	
	<input type="checkbox"/> > 20 pads	

Please identify any non-prescribed activity/activities you will be undertaking to support the prescribed early exploration activity/activities

- Creating trails for the purposes of early exploration
 Creating roads for the purposes of early exploration
 Creating/setting up camp(s) to house personnel to perform your prescribed early exploration activities
Number of people in camp _____ Number of camps _____
- Ground geophysical surveys without a generator
 Airborne geophysical surveys

Are you planning to store fuel or other hazardous materials on the property? *

Yes No

Please provide any other information relevant to this project.

The Summers property sit right next to the old Leicht mine that was a major gold producer in the past with 860,000 ounces of gold cranked out that mine that closed in 1968. It is worthy to keep these claims if any developers come back and invest in more exploration in this gold rich area. Being easy of access, we don't see any major problems to carry out our exploration plans.
