

PR-20-000310

This permit is issued under the authority of section 78.3 of the *Mining Act* and the Exploration Plans and Exploration Permits Regulation (O. Reg. 308/12). It is subject to the provisions of the Act and regulation as well as the terms and conditions included in this permit.

Ce permis est émis conformément aux dispositions de section 78.3 de la *Loi sur les mines* et des règlements et est sujet aux restrictions et dispositions de ce lois et règlements ainsi qu'aux conditions ci-énoncées.

Note: The issuance of this permit does not relieve the applicant from the responsibility of acquiring any other agency, board, government, etc. approval as may be required nor does it relieve the permittee from the requirements of any other legislation or guarantee access to the land.

Remarque : La délivrance de ce permis n'exempte pas le demandeur de l'obligation d'obtenir l'autorisation de tout autre organisme, commission, gouvernement, etc. qui pourrait être exigée, n'exempte pas le titulaire des dispositions de toute autre loi et ne garantit pas l'accès à la terre.

Additional Terms and Conditions:

Autre termes et conditions:

1. Mobilization/Demobilization

Written notice shall be provided to the Ministry of Northern Development, Mines, Natural Resources and Forestry (NDMNRF) as follows:

- a) not less than four (4) weeks prior to commencing the early exploration activities authorized by this Permit which, for greater certainty, shall include the mobilization of personnel and equipment to the site required for carrying out those activities;
- b) after a period of temporary suspension of activities of greater than four (4) weeks, not less than one (1) week prior to recommencing the early exploration activities authorized by this permit;
- c) not less than two (2) weeks prior to the anticipated final demobilization of personnel and equipment required for carrying out the early exploration activities authorized by this Permit; and

d) delivered by email to MNDM.PlansAndPermits@ontario.ca

2. Archeological Checklist

Prior to undertaking any exploratory drilling authorized by this Permit on or within 50 metres of eskers or other glacial ridges, and/or within 300 metres of the Attawapiskat River, the Muketei River (aka Little Attawapiskat River) or McFaulds Lake, the permit holder shall provide to MNDMNRF (by email to MNDM.PlansAndPermits@ontario.ca):

- a) a completed copy of the attached Criteria for Evaluating Archaeological Potential; and
- b) a copy of any required archaeological assessment(s) as reported to and reviewed by the Ministry of Heritage, Sport, Tourism and Culture Industries.

3. Water Quality Sampling

Within 14 days prior to undertaking any exploratory drilling authorized by this Permit, the permit holder shall complete the following tests of water sources utilized in connection with that drilling activity:

- a) general chemistry; and
- b) total and dissolved solids.

Results of any such tests shall be provided to MNDMNRF (by email to MNDM.PlansAndPermits@ontario.ca) within 14 days of the permit holder receiving the test results from a licensed testing laboratory.

4. Site Inspections

For each site where exploratory drilling is undertaken pursuant to this permit, within 14 days after such exploratory drilling is completed and the drill rig is removed from the site, the permit holder shall provide to MNDMNRF (by email to MNDM.PlansAndPermits@ontario.ca) written confirmation that the permit holder has complied with Schedule 1 to O. Reg. 308/12 and, for greater certainty, has removed all refuse, fuel drums, equipment and any other material or thing brought onto the site, together with photographs that depict the entire site and identify the date on which the photographs were recorded.

5. Limiting Noise & Activities under Multiple Permits

The permit holder (and, where appropriate, their contractors) shall utilize sound limiting and muffling methods such as enclosures and/or silencers for diamond drill rigs while conducting any exploration drilling authorized under this Permit for the purposes of obtaining drill core. Furthermore, the permit holder shall not simultaneously undertake drilling activity on more than two (2) of the following Permits at any given time:

- PR-20-000306
- PR-20-000307
- PR-20-000308
- PR-20-000309
- PR-20-000310
- PR-20-000311
- PR-20-000312
- PR-20-000313

6. Wildlife Documentation

The permit holder is required to set up a trail camera at each site where exploratory drilling is being undertaken pursuant to this permit, so that they are aware of any potential interactions with species living in the area. Any interactions with terrestrial wildlife will be shared via written confirmation in email (MNDM.PlansAndPermits@ontario.ca) with the Director of Exploration (NDMNR) within 14 days of the completion and removal of the drill rig.
