2. Exploration Logistics and Detailed Information

Will explosives be used for any activity/activities? If yes describe in detail which activities require the explosives, where they will be stored, and any other relevant information.

No

What commodity or commodities are being sought in the work program?

Au, Cu, Zn, Pt, PGE, Mo, REEs

How will you be transporting personnel to the exploration site for all activities? Describe in detail.

Transportation via company passenger vehicles from Hwy 105, near Ear Falls, along existing forestry roads in the Trout Lake Forest Management Area, primarily along Ben Road and Cameron Road. Where logging roads/trails are not passable by highway passenger vehicles, 2 side-by-side ATVs may be utilized.

How will you be mobilizing/demobilizing equipment to and from the exploration site for all activities? Describe in detail.

The drill will be transported along the same route as personnel.

Transport trucks will be utilized to move drilling equipment along forestry roads as close to drill sites as possible. Off-road movement of drill will be accomplished by one of 2 methods, depending on the selected drill contractor:

- 1) One skid-mounted drill and one skid-mounted rod sloop to be towed by a bulldozer to each drill-site. OR
- 2) One track-mounted drill and one track-mounted rod sloop to self-propel to each drill-site

What type of equipment will you be using for all of the early exploration activities?

Drilling will be conducted using a Discovery EF-50 /EF-50F rig (or similar), weighing approx. 22,000 /10,000 pounds, respectively. The drill may be track mounted, depending on the successful drill contractor. Fuel will be hauled in a double-walled slip tank.

What type of drilling will take place? (e.g. core drilling, reverse circulation)

Core drilling (NQ), producing a core of approximately 48 mm diameter, and leaving a hole of approximately 76 mm diameter in the bedrock.

Do you anticipate the removal of the drill casing?

Yes No

If yes, when will you be removing it?

Immediately 3 to 6 months 6 to 12 months 1 to 2 years
