2. Exploration Logistics and Detailed Information

Will explosives be used for any activity/activities? If yes describe in detail which activities require the explosives, where they will be stored, and any other relevant information.

None will be used. Simple prospecting with a hammer and chisel.

What commodity or commodities are being sought in the work program?

Gold, silver, copper, lead, nickel and zinc

How will you be transporting personnel to the exploration site for all activities? Describe in detail.

Expect the first stage of prospecting to take 1-2 months and a 4-5 days mechanical stripping over 8 sites. Potential stripping site are located on property map. If results warrant, a grid consisting of 10-20km of lines (E-W baseline with N-S tie lines) could be completed for detailed mapping.

How will you be mobilizing/demobilizing equipment to and from the exploration site for all activities? Describe in detail.

The original prospecting program will be truck and / or ATV used over the claims blocks during the month long investigation. Simple prospecting with a hammer and chisel over most of the site. A rock saw may be used to take a channel samples over high grade assay results. (2 inch wide x 2 inch deep x unknown length)

What type of equipment will you be using for all of the early exploration activities?

Truck, ATV, hammer, chisel, GPS and probably a rock saw for any channel samples. Based on good assays, limited stripping areas (under 1000m²) using an excavator, water pump & hose & rock saw. Drilling (2023) would be 1000m (6-10 holes) in 7 pads.

What type of drilling will take place? (e.g. core drilling, reverse circulation)
Mapping and sampling year 1 with follow up stripping. diamond drilling (NQ) could start after that in winter 2022/23 for 1000m (6-10 holes) in 7 areas/pads.

Do you anticipate the removal of the drill casing?

Yes No

If yes, when will you be removing it?

Immediately 3 to 6 months 6 to 12 months 1 to 2 years

For the exploration activities you have selected in your early exploration submission please fill in the associated details (required for all activities proposed). *
