As per the request received from Michael Varty dated September 15, 2023, a completion date of FN consultation process is not available and that this process may take time to conclude. As such, the above-noted file is now administratively closed.

If you wish to pursue your original proposal in the future, you are required to submit all of the information related to the completed FN consultation process, along with a copy of this letter and details of any other updates related to the proposed works.

Please submit the above information to the ministry as soon as it is available, via an e-mail to Yuefeng Zhang (Yuefeng.Zhang@ontario.ca) and Fariha Pannu (Fariha.Pannu@Ontario.ca). The ministry will review the submitted information for completeness and if satisfied, the ministry will re-open the file, and continue the technical review.

The submitted application fee in the amount of \$6,200 will be retained by the ministry and will be transferred to the ministry initiated ECA application upon re-opening of the file.

We also emphasize that under section 20.2 of Part II.1 of the Environmental Protection Act, (Act) you are required to obtain an approval under section 20.3 of Part II.1 of the Act before construction, alteration, extension or replacement of any sewage works.

If you have any questions regarding the above, please contact Khalid Hussain, Senior Wastewater Engineer at [khalid.hussain@ontario.ca](mailto:khalid.hussain@ontario.ca).

Yours truly,
