- e. emergency response procedures;
- f. specific written procedures for the control of nuisance conditions;
- g. specific written procedures for management of unacceptable waste loads;
- h. the requirements of this *Approval* .

You are hereby notified that this environmental compliance approval is issued to you subject to the terms and conditions outlined below:

TERMS AND CONDITIONS

GENERAL

1 Compliance

- 1.1 The Owner and Operator shall ensure compliance with all the conditions of this Approval and shall ensure that any person authorized to carry out work on or operate any aspect of the Site is notified of this Approval and the conditions herein and shall take all reasonable measures to ensure any such person complies with the same.
- 1.2 Any person authorized to carry out work on or operate any aspect of the Site shall comply with the conditions of this Approval.
- 1.3 The Site shall be operated and maintained at all times including management and disposal of all waste in accordance with the EPA, Reg. 347 and the conditions of this Approval. At no time shall the discharge of a contaminant that causes or is likely to cause an adverse effect be permitted.

2 Build, etc. in Accordance

- 2.1 Except as otherwise provided by this Approval, the Site shall be designed, developed, built, operated and maintained in accordance with the application for this Approval, from Matrix Electronics Limited, dated March 24, 2023, and the supporting documentation listed in Schedule "A".
- 2.2
 1. Construction and installation of the aspects of the Site described in the most recent application for this Approval must be completed within 5 years of the later of:
 - (a) the date this Approval is issued; or
 - (b) if there is a hearing or other litigation in respect of the issuance of this Approval, the date that this hearing or litigation is disposed of, including all appeals.
 2. This Approval ceases to apply in respect of the aspects of the Site noted above that have not been constructed or installed before the later of the dates identified in Condition 2.2.1 above.

3 Interpretation

- 3.1 Where there is a conflict between a provision of any document, including the application, referred to in this Approval, and the conditions of this Approval, the conditions in this Approval shall take precedence.
- 3.2 Where there is a conflict between the application and a provision in any documents listed in Schedule "A", the application shall take precedence, unless it is clear that the purpose of the document was to amend the application and that the Ministry approved the amendment.
- 3.3 Where there is a conflict between any two documents listed in Schedule "A", other than the application, the document bearing the most recent date shall take precedence.

3.4 The requirements of this Approval are severable. If any requirement of this Approval, or the application of any requirement of this Approval to any circumstance, is held invalid or unenforceable, the application of such requirement to other circumstances and the remainder of this Approval shall not be affected thereby.

4 Other Legal Obligations

4.1 The issuance of, and compliance with, this Approval does not:

- (a) relieve any person of any obligation to comply with any provision of any applicable statute, regulation or other legal requirement; or
- (b) limit in any way the authority of the Ministry to require certain steps be taken or to require the Owner and Operator to furnish any further information related to compliance with this Approval.

5 Adverse Effect

5.1 The Owner and Operator shall take steps to minimize and ameliorate any adverse effect on the natural environment or impairment of water quality resulting from the Site, including such accelerated or additional monitoring as may be necessary to determine the nature and extent of the effect or impairment.

5.2 Despite an Owner, Operator or any other person fulfilling any obligations imposed by this Approval the person remains responsible for any contravention of any other condition of this Approval or any applicable statute, regulation, or other legal requirement resulting from any act or omission that caused the adverse effect to the natural environment or impairment of water quality.

6 Change of Owner

6.1 The Owner shall notify the Director, in writing, and forward a copy of the notification to the District Manager, within 30 days of the occurrence of any changes in the following information:

- (a) the ownership of the Site;
- (b) the Operator of the Site;
- (c) the address of the Owner or Operator;
- (d) the partners, where the Owner is or at any time becomes a partnership and a copy of the most recent declaration filed under the Business Names Act, R.S.O. 1990, c. B-17 shall be included in the notification; or
- (e) the name of the corporation where the Owner is or at any time becomes a corporation, other than a municipal corporation, and a copy of the most current information filed under the Corporations Information Act, R.S.O. 1990, c. C-39 shall be included in the notification.

- 6.2 No portion of this Site shall be transferred or encumbered prior to or after closing of the Site unless the Director is notified in advance and sufficient financial assurance is deposited with the Ministry to ensure that these conditions will be carried out.
- 6.3 In the event of any change in Ownership of the Site, other than change to a successor municipality, the Owner shall notify the successor of and provide the successor with a copy of this Approval, and the Owner shall provide a copy of the notification to the District Manager and the Director.

7 Financial Assurance

- 7.1 Within 20 days of the date of issuance of this Approval, the Owner shall submit Financial Assurance, as defined in Section 131 of the Act, to the Director in the amount of \$79,768. This Financial Assurance shall be in a form acceptable to the Director and shall provide sufficient funds for the analysis, transportation, Site clean-up, monitoring and disposal of all quantities of waste on the Site at any one time.
- 7.2 Commencing on January 31, 2028 and at intervals of five (5) years thereafter, the Owner shall submit to the Director, a re-evaluation of the amount of Financial Assurance to implement the actions required under Condition 7.1. The re-evaluation shall include an assessment based on any new information relating to the environmental conditions of the Site and shall include the costs of additional monitoring and/or implementation of contingency plans required by the Director upon review of the closure plan and annual reports. The Financial Assurance must be submitted to the Director within ten (10) days of written acceptance of the re-evaluation by the Director.
- 7.3 The amount of Financial Assurance is subject to review at any time by the Director and may be amended at his/her discretion. If any Financial Assurance is scheduled to expire or notice is received, indicating Financial Assurance will not be renewed, and satisfactory methods have not been made to replace the Financial Assurance at least sixty (60) days before the Financial Assurance terminates, the Financial Assurance shall forthwith be replaced by cash.

8 Inspections

- 8.1 No person shall hinder or obstruct a Provincial Officer in the performance of their duties, including any and all inspections authorized by the OWRA, the EPA or the PA of any place to which this Approval relates, and without limiting the foregoing to:
- (a) enter upon the premises where the Site is located, or the location where the records required by the conditions of this Approval are kept;
 - (b) have access to, inspect, and copy any records required by the conditions of this Approval;
 - (c) inspect the practices, procedures, or operations required by the terms and conditions of this Approval; and
 - (d) sample and monitor for the purposes of assessing compliance with the conditions of

this Approval or the EPA, the OWRA or the PA.

9 Information and Record Retention

- 9.1 Any information requested, by the Ministry, concerning the Site and its operation under this Approval, including but not limited to any records required to be kept by this Approval shall be provided to the Ministry, upon request.
- 9.2 The receipt of any information by the Ministry or the failure of the Ministry to prosecute any person or to require any person to take any action, under this Approval or under any statute, regulation or other legal requirement, in relation to the information, shall not be construed as:
- (a) an approval, waiver, or justification by the Ministry of any act or omission of any person that contravenes any term or condition of this Approval or any statute, regulation or other legal requirement; or
 - (b) acceptance by the Ministry of the information's completeness or accuracy.
- 9.3 Any information relating to this Approval and contained in Ministry files may be made available to the public in accordance with the provisions of the Freedom of Information and Protection of Privacy Act, R.S.O. 1990, C. F-31.
- 9.4 All records and monitoring data required by the conditions of this Approval must be kept on the Owner's premises for a minimum period of five (5) years from the date of their creation.

OPERATION AND MAINTENANCE

10 Operation

- 10.1 The Site shall be operated and maintained, and the management and disposal of all waste shall be carried out, in accordance with the EPA, Reg. 347 and the conditions of this Approval. At no time shall the discharge of a contaminant that causes or is likely to cause an adverse effect be permitted.
- 10.2 The Owner shall ensure that Site processes and equipment are not operated unless all approvals under Section 9 of the EPA and under Section 53 of the OWRA, where applicable, have been obtained.
- 10.3 The Owner shall verify that all discharges from this operation to the sanitary and storm sewer systems are in accordance with appropriate Municipal, Provincial and Federal Legislation, Regulations and by-laws.

11 Hours of Operation

- 11.1 The Site may operate 24 hours per day, 7 days per week, unless otherwise restricted by municipal by-laws.

12 Service Area

12.1 Only waste that is generated in the Province of Ontario shall be accepted at the Site.

13 Waste Types

13.1 The Owner shall ensure that no waste other than solid non-hazardous waste, including mixed waste, construction and demolition waste, and Blue Box/recyclable waste from residential, commercial and industrial sources, is received at the Site.

14 Waste Inspection

14.1 All waste shall be inspected by Trained personnel prior to being accepted at the Site to ensure that the waste is of a type approved for acceptance under this Approval.

14.2 In the event that any waste load is refused, a record shall be made in the daily log book of the reason the waste was refused and the origin of the waste.

14.3 All incoming and outgoing wastes shall be inspected by Trained personnel prior to being received, transferred and/or shipped to ensure wastes are being managed and disposed of in accordance with the EPA and Reg. 347.

15 Waste Limits, Processing and Storage

15.1 The Owner shall ensure that:

- (a) no more than 300 tonnes of waste is received at the Site per day;
- (b) no more than 300 tonnes of waste is stored or present at the Site at any one time.

15.2 In accordance with Condition 15.1 (a), the Owner shall ensure that:

- (a) all waste, other than woodwaste, metal, aggregate and cardboard, is stored indoors at all times;
- (b) woodwaste, metal, aggregate and cardboard stored outdoors shall be stored in covered trailers or in covered leakproof bins/containers in a manner that will prevent contact between waste and stormwater and will prevent the generation of wind-blown litter.

15.3 The following processes are permitted on-site:

- (a) the receipt, temporary storage and transfer of waste;
- (b) the hand sorting and mechanical sorting of waste.

15.4 If for any reason waste cannot be transferred from the Site in the normal manner, the Site shall cease accepting waste until the situation has been resolved to ensure waste storage does not exceed the amounts specified above.

16 Signage

16.1 A sign shall be posted and maintained at the entrance to the site in a manner that is clear and legible, and shall include the following information:

- (a) the name of the Site and Owner;
- (b) this Approval number;
- (c) the name of the Operator;
- (d) the normal hours of operation;
- (e) the allowed waste types, and any waste types explicitly prohibited by Conditions of this Approval;
- (f) a telephone number to which complaints may be directed;
- (g) a twenty-four (24) hour emergency telephone number (if different from above); and
- (h) a warning against dumping outside the Site.

17 Labeling

17.1 All waste containers and storage areas at the Site shall have a label or sign clearly identifying the contents.

18 Nuisance Control

18.1 The Owner shall operate and maintain the Site in a manner which ensures the health and safety of all persons and the protection of the environment through active prevention of any possible environmental adverse effects, including but not be limited to odours, dust, litter, vectors, vermin, rodents and noise.

18.2 If at any time problems such as odours, dust, litter, noise, vectors, vermin, rodents or other nuisances are generated at the Site, the Owner shall take appropriate, immediate remedial action to eliminate the problem.

19 Design and Operations Report

19.1. The Design and Operations Report shall consist of the items in Schedule "A", and shall be retained on-site, kept up to date through periodic revisions, and be available for inspection by a Provincial Officer upon request. Changes to the Design and Operations Report shall be submitted to the Director for approval prior to implementation.

20 Site Security

20.1 The Site shall be operated and maintained in a secure manner, such that unauthorized persons cannot enter the Site.

21 Site Inspection

21.1 An inspection of the entire Site and all equipment on the Site shall be conducted each day the Site is in operation to ensure that: the Site is secure; that the operation of the Site is not causing any adverse effects on the environment; and that the Site is being operated in compliance with this Approval. Any deficiencies discovered as a result of the inspection shall be remedied immediately, including temporarily ceasing operations at the Site if needed.

21.2 A record of the inspections, including the following information, shall be kept in the daily log book:

- (a) the name and signature of person that conducted the inspection;
- (b) the date and time of the inspection;
- (c) a list of any deficiencies discovered;
- (d) any recommendations for remedial action; and
- (e) the date, time and description of actions taken.

22 Training Plan

22.1 A training plan shall be developed and maintained for all employees that operate the Site. Only Trained personnel may operate the Site or carry out any activity required under this Approval.

22.2 The Owner shall ensure that Trained personnel are available at all times during the hours of operation of this Site. Trained personnel shall supervise all transfer and processing of waste material at the Site.

23 Complaint Response

23.1 If at any time, the Owner receives complaints regarding the operation of the Site, the Owner shall respond to these complaints according to the following procedure:

- (a) The Owner shall record and number each complaint, either electronically or in a separate log book, along with the following information:
 - i. the nature of the complaint,
 - ii. if the complaint is odour or nuisance related, the weather conditions and wind direction at the time of the complaint;
 - iii. the name, address and telephone number of the complainant (if provided); and
 - iv. the time and date of the complaint;

- (b) The Owner, upon notification of the complaint, shall initiate appropriate steps to determine all possible causes of the complaint, proceed to take the necessary actions to eliminate the cause of the complaint, notify the District Manager of the complaint within 48 hours of receiving the complaint, and forward a formal reply to the complainant; and
- (c) The Owner shall complete and retain on-site a report written within 1 week of the complaint date, listing the actions taken to resolve the complaint and any recommendations for remedial measures, and managerial or operational changes to reasonably avoid the recurrence of similar incidents.

24 Emergency Response Plan

- 24.1 The Emergency Response Plan shall be kept up to date, and a copy shall be retained and accessible to all staff at all times. Changes to the Emergency Response Plan shall be submitted to the District Manager. It is the discretion of the District Manager if such changes require Director's approval.
- 24.2 The equipment, materials and personnel requirements outlined in the Emergency Response Plan shall be immediately available on the Site at all times. The equipment shall be kept in a good state of repair and in a fully operational condition.
- 24.3 All staff that operate the Site shall be fully trained in the use of the contingency and Emergency Response Plan, and in the procedures to be employed in the event of an emergency.
- 24.4 The Owner shall immediately take all measures necessary to contain and clean up any spill or leak which may result from the operation of this Site and immediately implement the emergency response plan if required.
- 24.5 All spills and upsets shall be immediately reported to the Ministry's Spills Action Centre at (416) 325-3000 or 1-800-268-6060 and shall be recorded in a written log or an electronic file format, as to the nature of the spill or upset, and the action taken for clean-up, correction and prevention of future occurrences.

25 Daily Log Book

- 25.1 The Owner shall maintain at the Site, and have readily available for inspection by a Provincial Officer for a minimum of two years from the date of their creation, a daily log book or electronic file format which records the following information:
 - (a) the date;
 - (b) quantity and source of waste received;
 - (c) quantity of waste at the Site at the end of the operating week;
 - (d) quantities and destination of each type of waste shipped from the Site;
 - (e) a record of daily inspections required by this Approval;

- (f) a record of any spills or process upsets at the site, the nature of the spill or process upset and the action taken for the clean up or correction of the spill, the time and date of the spill or process upset, and for spills, the time that the Ministry and other persons were notified of the spill in fulfilment of the reporting requirements in the EPA .
- (g) a record of any waste refusals which shall include; amounts, reasons for refusal and actions taken; and
- (h) the signature of the Trained Personnel conducting the inspection and completing the report.

26 Annual Report

26.1 On March 31st and on an annual basis thereafter, a written report shall be prepared for the previous calendar year (“Annual Report”). The Annual Report shall be submitted to the District Manager by March 31 of each year. The report shall include, at a minimum, the following information:

- (a) a detailed monthly summary of the type and quantity of all incoming and outgoing wastes and the destination of all outgoing wastes;
- (b) any environmental and operational problems, that could negatively impact the environment, encountered during the operation of the Site and during the facility inspections and any mitigative actions taken;
- (c) any changes to the Emergency Response Plan, the Design and Operations Report and the Closure Plan that have been approved by the Director since the last Annual Report; and
- (d) any recommendations to minimize environmental impacts from the operation of the Site and to improve Site operations and monitoring programs in this regard.

27 Closure Plan

27.1 A Closure Plan shall be submitted to the Director for approval, with a copy to the District Manager, no later than six (6) months before the planned closure date of the Site. The Closure Plan shall include, at a minimum, a description of the work that will be done to facilitate closure of the Site and a schedule for completion of that work.

27.2 The Site shall be closed in accordance with the approved Closure Plan.

27.3 Within 10 days after closure of the Site, the Owner shall notify the Director, in writing, that the Site is closed and that the approved Closure Plan has been implemented.

Schedule "A"

This Schedule "A" forms part of the Approval:

- 1 Application for an Environmental Compliance Approval dated March 24, 2023 signed by Chris Dovigi, Regional Vice President, GFL Environmental Inc., including the attached document entitled "Consiton Waste Transfer Station - Design and Operations Report" and all supporting documentation.

The reasons for the imposition of these terms and conditions are as follows:

1. The reason for Conditions 1, 3 to 5 and 9 is to clarify the legal rights and responsibilities of the Owner and Operator.
2. The reason for Condition 2 is to ensure that the Site is operated in accordance with the application and supporting documentation submitted by the Company, and not in a manner which the Director has not been asked to consider.
3. The reasons for Condition 6 is to ensure that the Site is operated under the corporate name which appears on the application form submitted for this approval, that the Director is informed of any changes, to restrict potential transfer or encumbrance of the Site without the approval of the Director and to ensure that any transfer of encumbrance can be made only on the basis that it will not endanger compliance with this Approval.
4. The reason for Condition 7 is to ensure sufficient funds are available to provide for the clean-up of the Site in the event the Owner is unwilling or unable to clean up the Site.
5. The reason for Condition 8 is to ensure that appropriate Ministry staff have ready access to the Site for inspection of facilities, equipment, practices and operations required by the conditions in this Approval. This condition is supplementary to the powers of entry afforded a Provincial Officer pursuant to the EPA and OWRA.
6. The reason for Conditions 10 and 18 is to ensure that the Site is operated in a manner which does not result in a nuisance or a hazard to the health and safety of the environment or people.
7. The reasons for Condition 11 is to specify the hours of operation for the Site and a mechanism for amendment of the hours of operation, as required.
8. The reasons for Conditions 12, 13 and 15 are to specify the approved service area from which waste may be accepted at the Site, the types of waste that may be accepted at the Site, the amounts of waste that may be stored and processed at the Site, and the maximum rate at which the Site may receive waste based on the Company's application and supporting documentation.
9. The reason for Condition 16 is to ensure that users of the Site are fully aware of important information and restrictions related to Site operations and access under this Approval.

10. The reasons for Condition 14 is to ensure that all incoming wastes are inspected to ensure compliance with this Approval, and to ensure that a record is made of any waste load refusal.
11. The reason for Condition 17 is to ensure that all wastes are properly classified to ensure that they are managed, processed and disposed in accordance with O. Reg. 347, R.R.O. 1990 and in a manner that protects the health and safety of people and the public.
12. The reason for Condition 19 is to ensure that an up-to-date Design and Operations Report is maintained on-site at all times.
13. The reasons for Condition 20 is to ensure the controlled access and integrity of the Site by preventing unauthorized access when the Site is closed and no site attendant is on duty.
14. The reasons for Condition 21 is to ensure that routine Site inspections are completed, and that detailed records of Site inspections are recorded and maintained for inspection and information purposes.
15. The reason for Condition 22 is to ensure that the Site is operated by properly Trained staff in a manner which does not result in a hazard or nuisance to the natural environment or any person.
16. The reason for Condition 23 is to ensure that any complaints regarding Site operations at the Site are responded to in a timely manner.
17. The reasons for Condition 24 is to ensure that an Emergency Response Plan is maintained at the Site, that staff are properly trained in the operation of the equipment used at the Site and emergency response procedures, that the Owner immediately responds to a spill and notify the Ministry forthwith of any spills as required in Part X of the Act so that appropriate spills response can be determined.
18. The reasons for Condition 25 is to provide for the proper assessment of effectiveness and efficiency of site design and operation, their effect or relationship to any nuisance or environmental impacts, and the occurrence of any public complaints or concerns. Record keeping is necessary to determine compliance with this Approval, the EPA and its regulations.
19. The reasons for Condition 26 are to ensure that regular review of site development, operations and monitoring data is documented and any possible improvements to site design, operations or monitoring programs are identified. An annual report is an important tool used in reviewing site activities and for determining the effectiveness of site design.
20. The reasons for Condition 27 is to ensure that the Site is closed in accordance with Ministry standards and to protect the health and safety of the public and the environment.

In accordance with Section 139 of the *Environmental Protection Act*, you may by written notice served upon me, the Ontario Land Tribunal and in accordance with Section 47 of the *Environmental Bill of Rights*, 1993, the Minister of the Environment, Conservation and Parks, within 15 days after receipt of this notice, require a
