Dear Akram Hanna:

**Re: Application for Approval
Stormwater Management Facility to serve Lady of the Woods Estates
Prince Edward County
Reference Number 6969-C47GK5**

Based on your correspondence dated April 29, 2024, you confirmed that the activities in the above-noted application are for municipal sewage works and are pre-authorized by the municipality's Consolidated Linear Infrastructure Environmental Compliance Approval (CLI-ECA). An application to the ministry is not required for works that are pre-authorized by a municipality's CLI-ECA. Your application, including the submitted application fee in the amount of \$3,100, is being returned to you.

The CLI-ECA includes conditions that enable municipalities (and developers constructing sewage infrastructure on behalf of municipalities) to proceed with certain alterations without additional ministry permissions. Pre-authorization only applies if alterations are made in accordance with the requirements of the municipality's CLI-ECA, including meeting ministry design standards.

Note: you should carefully review the conditions for pre-authorization within the municipality's CLI-ECA. Projects that do not meet the conditions for pre-authorization continue to require an approval under section 20.3 of Part II.1 of the EPA.

If you have any questions regarding the above, please contact Tenzin Chuki, Project Engineer Developmental at Tenzin.Chuki@ontario.ca.

Yours truly,

A handwritten signature in black ink that reads "A. Ahmed". The signature is written in a cursive style and is underlined with a single horizontal line.

Aziz Ahmed, P.Eng.

Director

appointed for the purposes of Part II.1 of the *Environmental Protection Act*
