Subject Lands:	PIN 42180-2791; PIN 42180-2578, Lot 257 Plan M-222, unsurveyed Territory, unorganized community of Minaki, District of Kenora		

The Minister's conditions to the granting of consent for this transaction **which must be fulfilled within two years from the date of this letter** are set out below. These conditions must be fulfilled prior to the granting of consent.

No. Conditions

1. That this approval applies to permit adding approximately 0.084 hectares from PIN 42180-2791 to PIN 42180-2578, Lot 257 on Plan M-222, as applied for, in the above noted location in unsurveyed Territory, in the unorganized community of Minaki, District of Kenora.
2. That the following documents be provided for the transaction described in Condition 1:
 - a. A copy of the application to transfer documents;
 - b. A schedule to application to transfer on which is set out the entire legal description of the parcel(s) in question. This Schedule must also contain the names of the parties indicated on application to transfer; and
 - c. A reference plan of survey, which bears the Land Registry Office registration number and signature as evidence of its deposit therein, illustrating the parcel(s) to which the consent approval relates; and/or a legal description of the lands to be severed which is acceptable to the land registrar.
3. That the application to consolidate the parcels be prepared and an undertaking from the person registering the documents shall be required agreeing to register the consolidations once the land transfers have been registered.
4. That confirmation is provided that flowage easements to elevation 318.7 m CGVD 1928 (Canadian Geodetic Survey Datum of 1928) be registered on title for PIN 42180-2791 and PIN 42180-2578.

The following NOTES are for your information:

NOTES:

1. The required Transfer/Deed of Land form and Schedule page shall contain a complete and accurate legal description. The Minister's certificate of consent will be affixed to the completed Schedule page. For this reason, the names of the parties also must be set out on the Schedule page, so that the consent may be properly related to the intended conveyance.

Inaccuracies or omissions with regard to the legal description in the Transfer/Deed of

3. Approval must be obtained from the local Health Unit for all sewage systems that require a permit, including greywater systems but excluding pit privies. The importation of suitable fill may be required to construct sewage treatment systems to the satisfaction of the Northwestern Health Unit. The Health Unit can also provide information on construction requirements, including minimum distances required between sewage systems and sources of potable water.
4. New wells must be installed in accordance with the requirements of Ontario Regulation 903 (Wells). Water quality and quantity testing should be completed for each new lot in accordance with MECP's "*Technical Guideline for Private Wells*" (1996) and conducted by a qualified professional. If water from test wells exhibit values for health and aesthetic parameters that are above the Ontario Drinking Water Standards, the water must be treated prior to consumption. Upon well installation, a qualified professional should also demonstrate that there is an adequate quantity of groundwater available to meet the requirements of the residence without interference to adjacent properties.
5. Please notify the Ministry of Citizenship and Multiculturalism (MCM) (at archaeology@ontario.ca or 416-314-7620) if archaeological resources are impacted by any ground disturbing work. All activities impacting archaeological resources must cease immediately, and a licensed archaeologist is required to carry out an archaeological assessment in accordance with the Ontario Heritage Act and the Standards and Guidelines for Consultant Archaeologists.

If human remains are encountered, all activities must cease immediately and the local police as well as the Registrar, Burials of the Ministry of Government and Consumer Services (416-326-8800) must be contacted. In situations where human remains are associated with archaeological resources, MCM should also be notified to ensure that
