11.1 b) Indicate the proposed type of water supply system - whether water will be provided to the subject land by a publicly owned and operated piped water system, a privately owned and operated individual or communal well, a lake or other water body or other means?*

[Private Services](#)

11.2 Hauled Sewage

If development is proposed on privately owned and operated individual or communal septic system, provide confirmation that there is adequate reserve sewage treatment capacity for hauled sewage (septage) resulting from the proposed development. See Table B below. [See attached email from Northstar Pumping Service dated 2024-08-07.](#)

Table B - Sewage Disposal and Water Supply

Type of Servicing	Reports/Information Needed
Sewage Disposal	<p>a) Publicly owned and operated sanitary sewage system Applicants must provide evidence in their application that there is municipal confirmation of sufficient uncommitted reserve sewage system capacity to service the development at the time of conditional consent.</p> <p>b) Public communal septic Development generating effluent of more than 4,500 litres per day may need a servicing options study and hydrogeological report.</p> <p>c) Privately owned and operated individual septic system If the requested change would permit development on individual or communal septic system and more than 4,500 litres of effluent would be produced per day as a result of the development being completed, a servicing options report and a hydrogeological report may be needed. If proposal would produce effluent less than 4,500 litres per day, a hydrogeological report may be needed.</p> <p>d) Privately owned and operated communal septic system If the requested change would permit development on individual or communal septic system and more than 4,500 litres of effluent would be produced per day as a result of the development being completed, a servicing options report and a hydrogeological report may be needed. If proposal would produce effluent less than 4,500 litres per day, a hydrogeological report may be needed.</p> <p>e) Privy Provide details on location and size of out-houses.</p> <p>f) Other Please describe</p>
Hauled Sewage	<p>If development is proposed on privately owned and operated individual or communal septic systems, applicant must provide evidence in the application showing either:</p> <p>i) municipal confirmation of sufficient uncommitted reserve sewage system capacity for treatment of septage resulting from the proposed development; OR</p> <p>ii) confirmation (i.e., letter) from a commercial enterprise (private provider) for hauled sewage (septage) indicating that capacity is available to accommodate the specific proposal.</p>
Water Supply	<p>a) Publicly owned and operated piped water system Applicants must provide evidence in their application that there is municipal confirmation of sufficient reserve water system capacity to service the development at the time of conditional consent.</p> <p>b) Privately owned and operated individual well Development on communal or individual well system may need a servicing options report and a hydrogeological report. Non-residential development on communal well system may need a hydrogeological report.</p> <p>c) Privately owned and operated communal well Development on communal or individual well system may need a servicing options report and a hydrogeological report. Non-residential development on communal well system may need a hydrogeological report.</p> <p>d) Lake A Permit to Take Water may be required. Contact your regional Municipal Services Office and the Ministry of the Environment and Climate Change office for guidance.</p> <p>e) Other water body Please describe</p> <p>f) Other means Please describe</p>

Notes:

1. To facilitate review of the application, submit a letter from the municipality to show concurrence (or not) with the recommendations in the servicing options report.
2. Before undertaking a hydrogeological report, consult MMA for advice given the location of the subject land.
3. Where communal services are proposed (water and/or sewage), ownership of these services must be assumed by the municipality or a public body through a signed letter of acceptance.
4. To facilitate review of the application, submit a letter from the local health unit indicating that the site is developable and could accommodate the proposal.
5. A building permit is required for septic systems under Part 8 of the Building Code. See Appendix A.

12. Access

12.1 The proposed road access would be by:

Other public road

Note: (See Appendix A for information on MTO Access Permits)

Early consultation with your regional MSO is recommended.

12.2 Additional details on "other public road" and "right-of-way"

Would proposed road access be by:

Crown road Local roads board Private road

12.3 If access to the subject land is by "other public road" or "right-of-way", or private road, indicate:

i) The owner of the land or road

Partially over crown land and partially over an easement recently granted by applications 60-C-217846, 60-C-235558 and 60-C-235866 and also a new easement application over these 3 recently approved parcels to provide for a relocation of the previously approved easement. Only one application for easement over these 3 parcels is being filed as all of the registrations will be completed after this application is finalized.

ii) Who is responsible for maintenance

Will be privately maintained.

iii) Whether maintenance is seasonal or year round

Seasonal.

Note: Access by right-of-ways and/or private roads are not usually permitted, except as part of a condominium.

12.4 Is water access ONLY proposed?*

Yes No

If yes, on a separate page, describe i) the parking and ii) docking facilities to be used and the approximate distance of these facilities from the subject land and the nearest public road access.

Attached

You may be required to provide a letter from the owner(s) of a commercially operated parking and docking facility indicating that capacity is available to accommodate your specific proposal.

13. Proposal Waste Disposal

13.1 Garbage disposal is proposed to be by:

Garbage collection Municipal dump Crown landfill Other

13.2 Other Services Please check the other services available and the provider(s) of these services.
