Suite 300 Commerce Valley Dr. W
Markham, ON L3T 7W4

Description

Environment and Climate Change Canada (ECCC) requires Contractor to conduct a Study to compile information that can be used by decision and policy makers with respect to thermal treatment of mixed municipal solid waste (MSW) for the purpose of value (energy or chemical) recovery (e.g. Waste-to Energy (WTE) operations). This Study will include information on the current state of technology, operations, and legislation in Canada and internationally; opportunities and barriers for implementation; as well as industry participants active in the Canadian market.

This Work will be a resource shared with a range of stakeholders including municipal, regional, provincial, and territorial government and other interested organisations.

The period of the contract is from contract award to 2023-March.

Access and terms of use

Government of Canada (GC) tender notices and awards, solicitation documents and tender attachments are available of charge and without registration on [Buyandsell.gc.ca/te](https://buyandsell.gc.ca/te) the authoritative location for GC tenders.

You may have received this tender notice or award through a third-party distributor. The Government of Canada is not responsible for any tender notices and/or related documents or attachments not accessed directly through [Buyandsell.gc.ca/tenders](https://buyandsell.gc.ca/tenders).

This Government of Canada tender notice or tender award carries an [Open Government Licence - Canada](#) that governs its use. Related solicitation documents and/or tender attachments are copyright protected. Please refer to the section about [Commercial Reproduction](#) in the Buyandsell.gc.ca Terms and Conditions for more information.
