**RE: Ministry Reference # 1000221962 – Greenflow Environmental Services
Amendment to Environmental Compliance Approval No. A680198 and ERO
Reference #019-7199**

Please be advised that City of Burlington staff have reviewed the Zoning Bylaw requirements which apply to the above referenced file and have the following comments:

- Medical waste including pharmaceutical storage and disposal would be prohibited 'at the facility'. The collection of biomedical waste for SHARPS is permitted only, pending removal to an authorized disposal site.
- Hazardous waste storage is permitted (not prohibited in GE1 zone).
- A waste transfer station* would be permitted for the temporary storage and sorting of domestic or industrial waste pending removal to an authorized disposal site.
- A waste transfer station* for 'outside processing and manufacturing' would not be permitted.

* Waste Transfer Station - A building or buildings for the temporary storage and sorting of domestic or industrial waste pending removal to an authorized disposal site. All outside storage, including storage of waste, and all outside processing and manufacturing is prohibited.

Please let us know if you required any additional information.

Regards,
