To whom it may concern,

Thank you for the opportunity to comment on the proposed Bill 39 and the proposed amendments to the Niagara Escarpment Planning and Development Act.

The Township of Mulmur is generally supportive of the proposed amendments providing broader exemptions for low risk activities, removing newspaper notifications and providing for greater abilities for inspections.

The Township urges the Province to consider additional amendments that would help facilitate quicker processing times and support the goal to build houses faster.

Respectfully submitted,

Tracey Atkinson
